“WELCOME”

To: Parents and Students of Arlington High School

From: Nate Sorg, Arlington High School High Principal

Welcome to Arlington High School, Home of the Red Devils! I am excited to start another school year, and can't wait to have students back in the building! I know our teachers are looking forward to having students back in the classroom as well. Most of our teaching staff will return, but we will have three new teachers this year: English, Health/Physical Education, and Spanish. If you have one of our new teachers, please make them feel welcome at Arlington High School!

As we begin the 2020-2021 school year, we realize our students and their families are all facing many challenges due to the COVID-19 health crisis. This ongoing situation has changed our way of living, and there remains a great deal of uncertainty regarding how school, let alone life, will “look” this year. As a result, it is more important than ever for the staff, students, and parents of Arlington School to work together to ensure our students receive the best education possible! My hope is that this student/parent handbook will be a source of information and direction as we join forces to provide the children of Arlington with the education, encouragement, and emotional support they need to navigate these difficult times.

While some updates have been made to this handbook from last school year, most sections have been unchanged due to the current uncertainty we face. As we proceed throughout this school year, I anticipate additional changes and updates will be made as it becomes clearer what will be allowed to occur. Some areas of this handbook that may be impacted include, but are not limited to: graduation requirements; book bags; bus regulations; the calendar of events; discipline/student conduct code; electronic equipment; fees; and lockers, just to name a few. Any changes made will be communicated with both students and parents in as timely a manner as possible.

I encourage all students and parents/guardians to become familiar with this handbook, as well as any updated versions that are made available throughout the year. This document should be your first source of information; however, please do not hesitate to contact me with questions if a topic is unclear. If we all understand the practices, procedures, and expectations, we are then able to have a much more successful school year! I am looking forward to a positive and exciting school year, and I hope you are too! Let's all show our Red Devil Pride!

COUNSELOR SERVICES

The school counselor helps every student improve academic achievement, personal and social development, and career planning. Ethical and professional standards are upheld to design, implement and manage a comprehensive, developmental, results-based school counseling program that promotes and enhances student success. Collaboration with students, parents, school staff and the community is emphasized to address the academic and developmental needs of all students in alignment with Arlington's mission and philosophies. The goal is to create an academic plan for students' education to prepare them for successful careers after graduation and help develop the necessary skills, such as organization, time-management, and study skills. Additionally, students can be helped to overcome obstacles that may form barriers to learning by helping students respond to issues, such as divorce or death in their family as well as developmental issues typical in adolescence.

Important Aspects of the Counseling Office:

1. Student Record Privacy – Student records shall remain confidential in accordance with the Family Rights and Privacy Act of 1974 which requires that:
 - a. Parents or guardians and students (who have attained the age of 18) have the right to review their records and to challenge any items they deem inaccurate.
 - b. Parents or guardians and students (who have attained the age of 18) shall give consent before records are made available to non-school agencies.
 - c. Such records are made available to parents or guardians or students over 18 no later than 30 days after the request for review has been made.
 - d. Such review is to be made on school property and in the presence of the principal or guidance counselor.
 - e. Any branch of the military may acquire the name and address of any student in grades 10-12 unless the parent or guardian denies this right in writing.
2. Schedule Changes – It is the responsibility of all students to make themselves fully aware of course content and course requirements prior to registering for a course. Students should confer with parents, teachers, counselor and others prior to filling out schedules. Once a schedule has been made, the student has the responsibility to live up to his/her commitments and complete all courses. Changes will only be made for the following reasons:
 - a. A student fails a requirement for graduation that must be made up.
 - b. A student fulfills a course requirement by going to summer school.
 - c. A student receives an incomplete or incorrect printed schedule.
 - d. Students withdrawing from a course shall receive a WD-F unless:
 1. The counselor may recommend to an administrator a withdrawal with no penalty after consulting with the student and parents and determining there are extenuating circumstances.
 2. A teacher may request a student be withdrawn.
The decision will be made by an administrator after conferring with the teacher, student, counselor, and parents. The final decision of whether or not the student receives WD-F will be made by the administrator.
 3. If a student is withdrawn from a class due to unusual circumstances, a grade of W/P or W/F will be given. W/P indicates the student was withdrawn passing and W/F withdrawn failing. Withdrawn passing will not count towards the class rank, while withdrawn failing counts as one semester F for class ranking purposes.

PROGRESS REPORTS:

PROGRESS REPORTS ARE NO LONGER ISSUED AT THE MID-TERM POINT OF EACH NINE-WEEK GRADING PERIOD. INSTEAD, PARENTS ARE ENCOURAGED TO REVIEW THEIR CHILD'S GRADES THROUGH PROGRESS

BOOK.INCOMPLETES:

All incompletes must be taken care of within one week after any given grading period except the fourth nine weeks. Any extension given for incompletes must be approved by the principal. If all work is not completed on time, the nine weeks' grade will be converted from an "I" to the current letter grade. Incompletes are only to be given if work is not completed due to sickness or extenuating circumstances approved by the principal.

FAILURE OF COURSES:

Second Semester Failure: A student who fails the second semester of a full year course will not be given credit for that course. If it is a required course, the student must repeat the entire course.

SCHOOL GRADING SCALE

A	95 - 100	4.00	3.83 - 4.00
A-	93 - 94	3.67	3.49 - 3.82
B+	91 - 92	3.33	3.16 - 3.48
B	87 - 90	3.00	2.82 - 3.15
B-	85 - 86	2.67	2.49 - 2.81
C+	83 - 84	2.33	2.16 - 2.48
C	77 - 82	2.00	1.82 - 2.15
C-	75 - 76	1.67	1.49 - 1.81
D+	73 - 74	1.33	1.16 - 1.48
D	67 - 72	1.00	0.82 - 1.15
D-	65 - 66	0.67	0.50 - 0.81
F	0 - 64	0.00	0.00

A. Averaging Grades:

Percentages will be used to figure the nine weeks, exam, and semester letter grades. After the grade has been figured, the percentage is dropped and the letter grade represents the class grade.

B. Nine Week Grades:

Nine weeks grades are based on one or more of the following considerations: quiz and test results, nine week test results, daily recitation and participation, effort and attitude, and homework and other assignments.

C. Semester Grades:

The formula for figuring the semester grade is to double the first nine week letter grade, double the second nine week letter grade, count the semester exam grade as one, and then divide the total by five. This will then compute into a letter grade for the semester.

D. Year-End Grades:

Year-End Grades are computed by adding the two semester letter grades together and dividing by two. This will then compute into the column of ranges for a particular letter grade for the year.

ACADEMIC HONESTY

The following procedures will be utilized by teachers in dealing with students caught cheating and/or involved in plagiarism:

- a. Student will receive a zero on the assignment.
- b. Parent will be notified.
- c. Report of incident will be given to principal for record keeping.
- d. The second offense in the same class will result in the failing of the class for the year and no credit given.
- e. A third offense will result in the refusal by any employee of Arlington High School to write any letters or recommendation for college purpose or employment.
- f. Repeat offenders will be referred to principal for placement on the Student Code of Conduct.

EXAMS

All students will be required to be in attendance during the exam for all scheduled classes. With parent and school permission, students Grades 9-12 may be excused from the building during scheduled study hall periods, lunch periods, or other periods for which students are not scheduled to be in an exam session. Students in Grades 7-8 taking courses for high school credit will be required to take that subject's high school exam.

ATHLETIC, EXTRA-CURRICULAR, AND STUDENT PARKING CODE OF CONDUCT

Arlington High School has implemented a code of conduct specific to athletics, extra-curricular activities/clubs, and student parking. Any student who wishes to participate in any of these activities and their parent/guardian are required to complete and sign an Informed Consent Agreement prior to participation in any activities.

ATTENDANCE

Because school attendance is important to the administration and community of Arlington, the following policy was written and is adhered to. School attendance is a characteristic that is viewed by employers, college placement officers and armed forces recruiters to evaluate students. Studies continually support the idea that those students with the best school attendance records make better employees, better college students and better recruits.

Careful and well-documented attendance is also key in the protection of our children. Efforts will be made to identify possible missing children and to notify the proper adults or agencies, as well as provide access of student records to law enforcement personnel conducting missing child investigations. The Board of Education recognizes that the primary responsibility for supervision of a

student rests with his/her parent(s) or guardian(s). The school district staff will provide the assistance it can to aid in this important task.

A student will be considered a "habitual truant" if they are unexcused from school for 30 consecutive hours, 42 hours in one month, or 72 hours in one school year. A student will be considered to have "excessive absences" if they miss 38 hours in one month with or without an excuse, or 65 hours in one school year with or without an excuse. In either case, the parents of a "habitual truant" or a student with "excessive absences" will be notified of the concern and students may face consequences as determined appropriate by the district. In addition, families may be connected with community resources, and in cases involving a "habitual truant," legal action may be taken by the district.

A. School Notification:

Parents, not students, must notify the school at 419-365-5122 by 9:00 am if their child will be absent from school. The school will try to contact the parent if no call is received.

This policy conforms with the national "Missing Children's Act" and is a national law. Parents should ask for homework when the absence is called in. Two to four periods missed within the day equals $\frac{1}{2}$ day of absence. Over four periods within the day equals 1 day of absence. Students missing less than two periods will not have an absence recorded IF they provide the necessary documentation within the specified time frame.

B. Excused Absences:

Any excused absence must fit one of the following categories in order to be excused:

1. Personal illness
2. Severe illness in immediate family
3. Death of a family member
4. Religious observation
5. Professional appointments – appointments should be $\frac{1}{2}$ day or less
6. Driver's license examinations: only $\frac{1}{2}$ day will be excused
7. College visitations; see college visitations section for specifics
8. Vacations: see vacation section for specifics
9. Suspensions from school
10. Other legitimate reasons which receive prior approval by the principal

C. Unexcused Absences:

Unexcused absence and/or unexcused tardiness guidelines are as follows:

1. Car trouble or repairing a car, oversleeping, missing the bus or a ride
2. Staying out of school an unnecessary length of time due to appointments
3. Baby-sitting, running errands in non-emergency situations
4. Other absences as interpreted by the Principal
5. Inappropriately dressed and sent home

An unexcused absence means that missed work may not be made up. A zero may be given in the class for all work missed, at the discretion of the principal.

D. Illness during the School Day:

If a child becomes ill during the school day, he/she is to report to the office. A student is not to make a call home or leave the school premises without permission.

E. Sign-In/Sign-Out:

All students must sign out in the high school office before leaving early. Students must also sign-in when arriving after the 8:00 am bell.

F. Returning to School Following an Absence:

1. If a student is returning to school from an appointment, the student must sign in. A note from the doctor, dentist, or other medical entity must be brought to the high school office upon returning to school if you do not want the absence counted against the 10 day absence rule. If a parent wishes to write the note, it will be applied to the 10 day absence rule as are all parent notes. (See item J below).
2. If a student is returning to school from other than an appointment, the student is **required** to bring a signed note from his/her parent or guardian giving the date and reason for the absence. The reason must be specific.
3. Students who are 18 years of age and living at home are also required to have a parental note.
4. Students are responsible to see teachers to get any missed work. Students are allowed one day to make up work for each day missed from school.
5. A phone call does not waive a note. Notes are still required for all absences.

G. Appointments:

All students must sign out in the office before leaving school early and sign in upon return. Students or parents are to inform the school in advance of any appointments.

H. Vacations:

Students will only be excused for vacations with the immediate family. Parents are to notify the office and students are to obtain a form from the office at least one week in advance. Students are expected to notify their teachers to determine what work can be completed prior to the absence. Please note vacations during the school time are not encouraged as they can jeopardize a student academically.

I. College Visitations:

Juniors and Seniors only – Students are permitted two days for college visitations provided that they obtain permission one week in advance of the visit. The student must obtain a college visitation form from the counselor. The counselor and the high school secretary must sign the form prior to the visitation. Prior to obtaining this form, the student must meet with the counselor and an appointment must be confirmed. Upon the student's return to school, the form verifying the visit must be given to the counselor. College visitation days cannot be used after April 30th. However, if the college required the student be present at an orientation, this is excused. You may wish to have the counselor help you and your parents arrange for an informative and productive visit. This will be an unexcused absence if the procedure is not followed.

- J. Ten Absence Rule:** A student may accumulate 10 parent excused absences each semester from any class period. Once ten days are exceeded, the teacher will consider additional absences unexcused and the student may not receive credit for work missed those days. Any absences accompanied with a doctor's note will not apply towards the ten days. Vacations, prolonged illnesses, hospitalization, and other special situations will be considered on an individual basis.

Note: The validity of any other questionable reasons for absence or tardiness not listed above will be determined by the administration according to the Ohio Attendance laws of the Ohio Revised Code.

BOOK BAGS

Students are not permitted to carry book bags into class. They must remain in the student's locker. However, students that have medical issues may be permitted to use a book bag *with special permission from the office.*

BUS REGULATIONS

The Arlington Local School District has an established code of conduct for students being transported on a school bus. These rules are necessary to maintain discipline and safety. The school staff and bus drivers will insure that all students understand these safety rules. The bus drivers are responsible for maintaining discipline on the buses.

The following procedure will be followed by the bus drivers and school staff in maintaining discipline on the buses:

- a. If a student is bringing more than one guest onto the bus, 48 hours written notification is required.
- b. Bus drivers will give verbal warnings to the student for minor infractions of the bus rules.
- c. Repetition of minor infractions or a major incident will result in the school disciplining the student appropriately.
- d. The bus driver will issue a written warning to the student and parents of violations of bus behavior and safety code.
- e. Suspension of bus privileges may be used to insure proper bus behavior for any student upon repetition of minor incidents.
- f. A bus suspension may also be appropriate for any single major safety violation or insubordination to a bus driver, with or without prior warning given to the student or parent.
- g. Students suspended from their bus transportation privileges are still required by state law to attend school. Absences during bus suspension may be unexcused and considered truant.

Note: The Student Code of Conduct will be utilized when necessary. The principal may issue a discipline notice and one or more of the following: warning, detention(s), Saturday school, suspension of student's bus riding privileges, require full restitution for damage to a bus.

Permission to ride another bus – A note from the parent is necessary if a student needs to ride a bus other than the one he/she normally rides. Arrangements must be made by both sets of parents involved and a note sent to school. The bus driver must have this note before the student is permitted to ride the bus. All notes are to be signed by a principal or secretary.

CAFETERIA AND LUNCH PROGRAM

Students may purchase their lunch in the school cafeteria or carry their lunch to school. Students must leave the table and surrounding area clean and orderly. No food is to be taken out of the cafeteria after lunch. Students who feel that they may qualify for free or reduced lunches may pick up forms from the office. The student is responsible for returning this form to the office. Students not meeting the deadline for turning in lunch forms must pay for their lunches. No students are to leave school property during lunch nor are non-students allowed to visit or bring food in for lunch. Special occasions will be considered but must be approved in advance *by the Principal*. The only exception to the closed lunch would be a written excuse from a medical doctor that limits the student to a restricted diet that can only be supplied at home.

CALENDAR OF EVENTS

All school activities are to be scheduled on the official calendar in the Superintendent's office. This is done by clearing the date of the activity through the Principal's office.

All guests must be in 9th grade or older, but must be under the age of 21. Organizations sponsoring dances are expected to leave the school in the condition it was found. Any school sponsored event requires a custodian to be on duty. The sponsoring group will pay all overtime expenses.

STUDENT PARKING/DRIVING REGULATIONS

- 1). During school hours and between 7:00 AM and 4:00 PM on school days, students who drive motorized vehicles to school shall only be permitted to park those vehicles in the lots inside the football field fence. Special "Senior Only" Parking spots may be made available on a limited basis and at the discretion and assignment of the principal.
- 2). Students who wish to park on campus will be required to purchase a parking permit annually for \$10.00. If you lose your pass, you will be required to purchase another one. All past due fees must be paid in full before a student will be able to purchase an Arlington High School parking permit. Students unable to pay past due fees because of financial difficulties must meet with the principal to discuss a payment plan in order to purchase a parking permit.
- 3). The number of parking permits issued may be limited, depending on the availability of appropriate parking spaces. If this occurs, preference will be given to seniors first, then juniors, then sophomores and freshmen.
- 4). *To purchase a permit*, students must have a valid driver's license, a signed informed consent agreement for random drug testing, and a parking contract signed by the student and the parent to purchase a permit. Permits will be available for purchase on a first come first serve basis and sold only to those holding a valid driver's license. The permit shall be displayed from the rear view mirror of the vehicle.
- 5). Parking fees and fines listed below will be utilized for maintenance of the student parking lot. Violations of any parking or driving regulations on school property could result in a fine, disciplinary action by the Principal, loss of parking or driving privileges on school property or such other action as may be permitted by law.
 - a. Parking in unauthorized areas \$5.00
 - b. Improper parking \$5.00
 - c. Failure to purchase a permit \$10.00
 - d. Failure to properly display the permit \$10.00
- 6). Reckless and/or irresponsible operation of a vehicle is cause for suspension and/or revocation of parking privileges, including but not limited to stop sign violation, failure to yield in crosswalks or to busses, spinning of tires and speeding.
- 7). The school is not responsible for lost, stolen, or damaged vehicles while they are on school property. Student vehicles may be searched and students questioned when there are reasonable grounds for school authorities to suspect that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Any searches of a vehicle will be made with the student present, if possible. If evidence is uncovered indicating that a student may have violated the law, law enforcement officials may be notified.

PROGRESS BOOK

Progress Book is a wonderful, interactive system that allows students and parents to check on both academic progress and assignments in each classroom. This system allows students to know where they stand at all times.

PUBLIC DISPLAY OF AFFECTION – PDA

Respect each other and at all times, be appropriate. Holding hands is permissible. However, behavior deemed inappropriate by the principal may result in both parties receiving disciplinary consequences.

REPORT CARDS AND ACADEMIC PROGRESS REPORTS

Report cards are issued at the end of each nine-week grading period and are distributed during the school day. Every student will receive a report card unless financial or other obligations are owed to the school. Letter grades are used on the report card to designate a student's progress in every course being taken, with the exception of College Credit Plus classes, which only receive a final letter grade at the end of the course. Student academic progress reports are no longer provided at the mid-term of each grading period. Instead, parents are encouraged to check grades in Progress Book.

SCHOOL CLOSING, DELAYS AND CANCELLATIONS

In case of inclement weather that would make it dangerous to operate the school buses, school may be closed or delayed. Announcements regarding Arlington School may be made over Findlay Radio Stations WFIN-1330 AM, WKXA-100.5 FM, WBVI-96.7 FM, WBUK-106.3 FM, WPFX-107.7 FM, and WCKY-103.7 FM, or on the Toledo television stations. Millstream students should follow their home school schedule. Please do not call the school during these times as the phones are needed for emergency calls. Students and parents can also subscribe to text alerts through Ohioalerts.org and other text messaging groups that may be available.

SCHOOL SERVICE GUIDELINES

1. School Service is an assigned class period. Students must remain in their assigned class for the entire period unless sent on an errand by the teacher. Struggling in any course will require the student to go back to study hall until the grade(s) has been brought up.
2. If you know that you will be missing your school service period for a field trip, doctor's appointment or other activity, please inform your teacher a day in advance if possible.
3. Students in the elementary really look up to the high school students who work in their classrooms. Please be aware of your actions and appearance so that you set a good example for the younger students.
4. School service workers are evaluated at the end of the nine weeks by their teachers. An unsatisfactory evaluation could result in a study hall assignment.

SEARCHES

The Board or its designee reserves the right to search lockers, desks, person and personal belongings of a student on school grounds or at any school activity when it is reasonably necessary for the maintenance of order, discipline and safety and in the supervision and education of students. If possible, the student's consent prior to the search will be obtained. At the beginning of the school year, students will be advised that their lockers, desks, persons and personal belongings are subject to search. Searches will be made only upon reasonable suspicion. In determining whether there is a reasonable suspicion, the following factors will be taken into account: the age, history record of the student; the prevalence and seriousness of the problem; the need to avoid delay; and the probative value and reliability of the information on which suspicion is based.

SECURITY

The school district has installed a single entrance door policy, key fobs for staff entry, phones in each classroom and security cameras throughout the building. We have made huge strides in the safety and security of our students and staff. Although the focus of the cameras is for safety, if a violation to a school policy was captured on a camera, the student may be given the proper consequences for such action.

STUDENT APPEALS

Students have the right to question grades, tests, and other matters relating to their classes. This should be done in a proper and polite manner by meeting with the teacher first. If they are still dissatisfied, they should contact the principal, who will listen to the complaint, talk to the teacher, and meet again with the student. If the problem is still unresolved, all three parties may meet to address the problem.

STUDENT DRESS CODE

The Arlington High School dress code has been established to promote the furtherance of the educational purpose, including the teaching of discipline, grooming, and etiquette. Arlington High School students use mature judgment in dress and grooming. Dress will reflect community standards. In general, the personal appearance of each student shall be such that it is conducive to and does not disrupt the educational process and the educational environment of the school or the individual classroom. It should also ensure the safety of the individual while attending or working in the school. Students should come to school neat, clean and dressed with decency and modesty. Their appearance should reflect respect for themselves and for their school. Violators of any part of the student dress code may be sent home to change.

The following list may help with certain questionable areas:

1. No bare midriff.
2. Students are not to wear hats, head coverings, bandanas or sunglasses.
3. No visible undergarments, boxers, or pajama pants are permitted.
4. No bare feet.
5. No see-through shirts without a regular shirt underneath.
6. Jeans with holes or distressed marks above mid-thigh are not permitted, unless another article of clothing is worn underneath them that covers the leg above mid-thigh.
7. Tops must be appropriate and not display any cleavage. Tank tops must be at least credit-card width and razor back tops are not permitted.
8. Students are to be clean-shaven.
9. No clothing that is too short or too tight is allowed. Shoulders are to be covered for gentlemen and tops must be at least credit card width for ladies. Boys are not permitted to wear undershirts or cut-off shirts. Skirts and shorts should be mid-thigh or longer (fingertip length when the arms are hanging to the side of the body).
10. Chains, jewelry or other items that could be used as a weapon or could be a safety hazard or distraction shall not be worn.
11. No jewelry is to be worn in any shop class or physical education class or in other classes or activities in which it might create a potential health or safety risk.
12. Any garment or tattoo with words, designs, or patches that are obscene, offensive, disrespectful, suggestive, that refer to or advertise sex, alcohol, tobacco, drugs, cult/slang promotions or other type activity are not to be worn or displayed.
13. Bulky coats may not be worn during school hours.

14. Any other clothing deemed inappropriate by the building principal.

Violations of the student dress code may result in the student being sent home for a change in dress and/or disciplinary action. Absences regarding inappropriate dress may be considered unexcused.

STUDENT RECORDS AND DIRECTORY INFORMATION NOTICE

In order to provide services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with the law, and yet be guarded as confidential information.

The School Counselor is responsible for the proper administration of student records in keeping with Ohio law and Federal requirements and the procedures of the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in the student's cumulative file are available to parent(s) or the student (if he/she is over eighteen years of age). This request must be in writing and is granted within seven calendar days. No records are to be removed from the school; a principal, teacher or other qualified school personnel must be present to explain any of the tests or other material. All rights and protections given to parents under the law and this policy transfer to the student when he/she reaches age eighteen or enrolls in a post-secondary school. The student then becomes an "eligible student".

The following rights exist:

1. The right of a parent(s) or eligible student to inspect and review the student's education records;
2. The intent of the District to limit the disclosure of information contained in a student's education records, except:
 - a. By the prior written consent of the student's parent(s) or the eligible student
 - b. As directory information
 - c. Under certain limited circumstances, as permitted by law:
3. The right of a student's parent(s) or an eligible student to seek to correct parts of the student's education records which he/she believes to be inaccurate, misleading or in violation of student rights; this right includes a hearing to present evidence that the records should be changed if the District decides not to alter them according to the parent(s) or eligible student's request;
4. The right of any person to file a complaint with the Department of Education if the District violates the Family Educational Rights and Privacy Act (FERPA); and
5. The procedure that a student's parent(s) or an eligible student should follow to obtain copies of this policy and the locations where copies may be obtained.

The District proposes to designate the following personally identifiable information contained in a student's education records as "directory information":

1. The student's name;
2. The student's address;
3. The student's telephone number(s);
4. The student's date and place of birth;
5. Participation in officially recognized activities and sports;
6. The student's achievement awards or honors;
7. The student's weight and height, if a member of an athletic team;

8. Major field of study;
9. Dates of attendance (“from and to” dates of enrollment); and
10. Date of Graduation.

The above information is disclosed without prior written consent, except that directory information is not released for a profit-making plan or activity. However, parents or eligible students have two weeks from receipt of this notice in which to advise the District in writing (a letter to the school Superintendent’s office) of any or all of the items which they refuse to permit the District to designate as directory information about that student. To carry out their responsibilities, school officials have access to student education records for legitimate educational purposes. The District uses the criteria set forth in board policy JO-R to determine who are “school officials” and what constitutes a “legitimate educational interest”.

Other than requests as described above, the District releases information from, or permits access to, a student’s education records only with a parent’s or an eligible student’s prior written consent, except that the school Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined in board policy JO-R (e.g., transfers to another school district or to comply with judicial order or subpoena, or where warranted in a health or safety emergency, etc.).

The District maintains an accurate record of all requests for it to disclose information from, or to permit access to, a student’s education records and of information it discloses and access it permits, with some exceptions outlined in board policy JO-R. This record is kept with, but is not a part of, each student’s cumulative school records. It is available only to the record custodian, the eligible student, the parent(s) of the student or to Federal, State or local officials for the purpose of auditing or enforcing federally supported educational programs.

TARDINESS TO SCHOOL

Upon entering the building tardy (anytime during the day), you must report to the high school office and sign in. (If you are a student who arrives on a late bus, you will not be considered tardy but you should report directly to your class). Students who are tardy to school are subject to disciplinary consequences, including but not limited to: Warning, Detention and Saturday School.

TEXTBOOKS

Textbooks are the property of the Arlington Board of Education. They are loaned to each student and become the student’s personal responsibility. Damage to or loss of the books will result in a charge to the student. In the event that financial obligations are not met for lost books, fees, etc., the school reserves the right to withhold all grade cards, transcripts, diplomas, and other pertinent information until said obligations are met. Textbooks assigned to students through College Credit Plus courses are also subject to the fines and consequences listed above, **and must be returned at the end of classes.**

TRUANCY

Arlington High School endeavors to reduce truancy through cooperation with parents, diligence in investigating the causes of absence, and the use of strict guidelines in regard to tardiness and unexcused absence. A “habitual” truant is any child of compulsory school age who is absent without legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month, or 72 or more hours in a school year. Upon notification by the school or the attendance officer, the parent is required to have the child attend school immediately. If the parent fails to get the child to attend school, the school or the attendance officer may send notice to the parent to attend a parental education program. Any student whose absences surpass the threshold for a habitual truant may be assigned to an absence intervention team, which will develop a plan to reduce or eliminate future absences. If a child refuses to participate or fails to make satisfactory progress

with the intervention plan, the school may file a complaint in juvenile court.

PLAGIARISM – ACADEMIC HONESTY

Many people think of plagiarism as copying another's work, or borrowing someone else's original ideas. But terms like "copying" and "borrowing" can disguise the seriousness of the offense:

According to the *Merriam-Webster On Line Dictionary*, to "plagiarize" means:

1. To steal and pass off (the ideas or words of another) as one's own
2. To use (another's production) without crediting the source
3. To commit literacy theft
4. To present as new and original an idea or product from an existing source

In other words, plagiarism is an act of fraud. It involves both stealing someone else's work and lying about it afterward.

Simply put, plagiarism is the use of another's original words or ideas as though they were your own.

All of the following are considered plagiarism:

- turning in someone else's work as your own
- copying words or ideas from someone else without giving credit
- failing to put a quote in quotation marks
- giving incorrect information about the source of a quotation
- changing words but copying the sentence structure of a source without giving credit
- copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not

Attention! **Changing the words of an original source is *not* sufficient to prevent plagiarism.**

If you have retained the essential idea of an original source, and have not cited it, then no matter how drastically you may have altered its context or presentation, you have still plagiarized.

If just one section/sentence is plagiarized, the entire assignment is considered plagiarized resulting in a zero.

* What interests teachers the most is seeing how YOU understand the assigned topic, and how YOU develop your own style and voice.

Do I Have to Cite Sources for Every Fact I Use?

No. You do not have to cite sources for facts that are not the result of unique individual research. Facts that are readily available from numerous sources and generally known to the public are considered "common knowledge," and are not protected by copyright laws. You can use these facts liberally in your paper without citing authors. If you are unsure whether or not a fact is common knowledge, you should probably cite your source just to be safe.

What is a Citation?

A "citation" is the way you tell your readers that certain material in your work came from another source. It also gives your readers the information necessary to find that source again, including:

- Information about the author
- The title of the work
- the name and location of the company that published your copy of the source
- the date your copy was published
- the page numbers of the material you are borrowing

When Do I Need to Cite?

Whenever you borrow words or ideas, you need to acknowledge their source. The following situations almost always require citation:

- Whenever you paraphrase
- Whenever you use quotes
- Whenever you use an idea that someone else has already expressed
- Whenever you make specific reference to the work of another
- Whenever someone else's work has been critical in developing your own ideas

What are Some Hints to Help Avoid Plagiarism?

A. Plan Your Paper.

Planning your paper well is the first and most important step you can take toward preventing plagiarism. If you know you are going to use other sources of information, you need to plan how you are going to include them in your paper. This means working out a balance between the ideas you have taken from other sources and your own, original ideas. Writing an outline or coming up with a thesis statement in which you clearly formulate an argument about the information you find, will help establish the boundaries between your ideas and those of your sources.

B. Take Effective Notes.

One of the best ways to prepare for a research paper is by taking thorough notes from all of your sources, so that you have much of the information organized before you begin writing. On the other hand, poor note-taking can lead to many problems – including improper citations and misquotations, both of which are forms of plagiarism! To avoid confusion about your sources, try using different colored fonts, pens, or pencils for each one, and make sure you clearly distinguish your own ideas from those you found elsewhere. Using the note-card method is highly effective as well. It is vital to keep careful track of references during the note-taking stage. Also, get in the habit of marking page numbers, and make sure that you record bibliographic information or web addresses for every source right away – finding them again later when you are trying to finish your paper can be a nightmare!

C. When in Doubt, Cite Sources.

Of course you want to get credit for your own ideas. And you don't want your teacher to think that you got all of your information from somewhere else. But if it is unclear whether an idea in your paper really came from you, or whether you got it from somewhere else and just changed it a little, you should always cite your source. Instead of weakening your paper and making it seem like you have fewer original ideas, this will actually strengthen your paper by: 1) showing that you are not just copying other ideas but are processing and adding to them, 2) lending outside support to the ideas that are completely yours, and 3) highlighting the originality of your ideas by making clear distinctions between them and ideas you have gotten elsewhere.

D. Make it Clear Who Said What.

Make sure when you mix your own ideas with those of your sources that you always clearly distinguish them. If you are discussing the ideas of more than one person, watch out for confusing pronouns. Always make sure to distinguish who said what, and give credit to the right person.

E. Know How to Paraphrase.

A paraphrase is a restatement in your own words of someone else's ideas. Changing a few words of the original sentences does NOT make your writing a legitimate paraphrase. You must change both the words and the sentence structure of the original, without changing the content. Also, you should keep in mind that paraphrased passages still require citation because the ideas came from another source, even though you are putting them in your own words.

The purpose of paraphrasing is not to make it seem like you are drawing less directly from other sources or to reduce the number of quotations in your paper. It is a common misconception among students that you need to hide the fact that you rely on other sources. Actually it is advantageous to highlight the fact that other sources support your own ideas. Using quality sources to support your ideas makes them seem stronger and more valid. Good paraphrasing makes the ideas of the original source fit smoothly into your paper, emphasizing the most relevant points and leaving out unrelated information.

F. Evaluate Your Sources.

Not all sources on the web are worth citing – in fact, many of them are just plain wrong. So how do you tell the good ones apart? For starters, make sure you know the author(s) of the page, where they got their information (do they have a bibliography listed), and when they wrote it (getting this information is also an important step in avoiding plagiarism!). Then you should determine how credible you feel the source is: How well they support their ideas, the quality of the writing, the accuracy of the information provided, etc.

WITHDRAW/TRANSFERRING

Withdraw and Transferring- A student withdrawing from school must first report to the **high school secretary**. He/she will then take a withdrawal form to each of his/her teachers and turn in his/her textbooks and pay any outstanding fines. When the withdrawal form has been filled out by all the respective teachers, librarian, cafeteria manager, and the school secretary, it is to be returned to the office. Students' records will be withheld until all financial obligations have been met.
