CONCERT UNIFORM: Uniform without overlay, white tuxedo shirt with black buttons, black bow tie, polished black shoes, spats. (JH see note above).

## **Concert preparation and entrance door policy:**

Band students are asked to arrive prior to concerts in order to dress (high school) and to warm-up and tune their instruments. This process requires a set time in order to get students to the performance stage on time. Unless otherwise indicated, report times will be an hour to forty-five minutes prior to a concert. Concert doors will open one half-hour prior to concert performances with the exception of the Christmas Concert and ARTSFestival which will open one hour before.

## **Explanation of performance grade policy:**

Band is a performance based class, in other words, performances for a band student are analogous to major projects in other classes, yet unlike projects where a due date can be flexed, performances are singular events determined by time and cannot be re-done.

**MISSING A PERFORMANCE FOR ANY REASON, WITH THE EXCLUSION OF PERSONAL ILLNESS, FAMILY EMERGENCY, OR FAMILY VACATION, WILL RESULT IN THE LOSS OF PERFORMANCE GRADE WITH THE CONSEQUENCE OF A LOWERED QUARTER GRADE.**

This calendar is provided to enable students to plan accordingly. **Scheduled band events, regardless whether those events are band practices or performances, are never optional for anyone in the group. Participation in non-school, non-OHSAA athletic events does not constitute a reason for missing band performances.**

While every attempt has been made to provide a complete calendar for the entire year, additional performances may arise that are not presently scheduled. Should additional opportunities be presented, students will be informed in a timely manner so they will not have to miss participating with their friends.
