

STUDENT WITHDRAWAL FROM SCHOOL  
(Loss of Driving Privileges)

When the Superintendent receives information that a student of compulsory school age has withdrawn from school, the Superintendent must, within two weeks after the withdrawal, notify the County Superintendent who will notify the registrar of motor vehicles and the county juvenile judge. Notification is not necessary if a student has withdrawn because of a change of residence; the student is enrolled in and attending, in accordance with District policy, an approved program to obtain a diploma or its equivalent; or if the student holds a full-time age and schooling certificate (GED) and is regularly employed.

Notification to the registrar of motor vehicles and the county juvenile judge must comply with State and Federal law.

After receiving such information from the Superintendent, the registrar of motor vehicles is required to suspend the temporary instruction permit or driver's license of the student who is the subject of the notice. If a temporary permit or license has not been issued to that student, the registrar is prohibited from issuing a temporary permit or a license. Any denial of driving privileges would remain in effect until the student reaches 18 or until the denial of driving privileges is terminated for another reason allowable under State law.

In compliance with State law, a student whose driving privileges have been denied can file a petition seeking his/her reinstatement with the juvenile court in whose jurisdiction he/she resides.
