

## STUDENT INVOLVEMENT IN DECISION-MAKING

Students should have a voice in the formulation of school policies and decisions which affect their education and lives as students. Through such participation, students can be an important resource for the improvement of the school, the educational system and the community. Students also have responsibilities. These responsibilities include regular school attendance, conscientious effort in classroom work, and obedience to school rules and regulations. Most of all, students share with the administration and faculty the responsibility of developing a climate in the school that is conducive to wholesome learning and living.

School policies, rules, and regulations affecting pupils should be reviewed periodically by students, faculty, and administration.
