

STUDENT PARKING AND DRIVING REGULATIONS

Students are permitted to drive motorized vehicles to school, subject to rules established by the administration, as approved by the Board of Education. Local, county and state rules must also be followed. Students must have a valid driver's license for the vehicle they are operating.

Student parking will only be permitted in the lots north and west of the football field during the hours of 7:00 a.m. and 4:00 p.m. on school days.

Each year students will be assessed a nominal fee and issued a parking sticker. The sticker is to be displayed from the rear view mirror.

Violations of any parking or driving regulations on school property could result in disciplinary action by the Principal, loss of parking or driving privileges on school property or such other action as may be permitted by law.

The school is not responsible for stolen or damaged vehicles while they are on school property.

Student vehicles may be searched and students questioned when there are reasonable grounds for school authorities to suspect that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school.

Any searches of a vehicle will be made with the student present. If evidence is uncovered indicating that a student may have violated the law, law enforcement officials may be notified.

Adoption date: April 15, 1997
