

STUDENT TEACHING AND INTERNSHIPS

The Board recognizes the contributions student teachers and/or interns can make to the District and its responsibility to ensure high quality teacher training. Therefore, Board authorizes the Superintendent/ designee is therefore authorized to arrange for the supervision and training of such teachers and interns.

The importance of the teacher training function to the future of education and the need to ensure high quality performance in our schools requires student teachers to be placed with experienced teachers of demonstrated competence. While no staff members are required to supervise student teachers, it is expected that professionally interested teachers volunteer for such duties.

The teacher training institutions should provide liaison personnel who discuss with the building principal and with the supervising teacher the broad objectives that the institution believes should be pursued. Liaison personnel subject to all school visitor rules and regulations are free to visit the classrooms to observe the student teacher at work.

It is expected that the teacher training institution arranges the schedule of the student teacher to provide sufficient time in the classroom in order that continuity of experience for the student teacher and the District students is ensured.
