

The Board of Education will be accepting sealed bids to move the following items off of the school's inventory. If interested in bidding on the tools, please place your offer in a sealed envelope and write "Sealed bid for shop equipment" on the front. Drop off to the Arlington treasurer's office or mail (Arlington Local Schools 336 South Main Street Arlington Ohio 45814) no later than December 18th at 3:30 pm, 2020. Sealed bids will be opened in the treasurer's office at that time.

**1 - 1959 Rockwell Wood lathe and stand along with misc. attachments and tools Serial #124-583**

Nice variable speed lathe that works well. The only reason for selling is that we had a better lathe donated to the shop and we do not have room for 2.

Minimum Bid \$75

**1 - 1999 Craftsman Radial arm saw with stand and legs. Very good condition.** This saw was donated to the wood shop by a family that was downsizing. We have very little space for it and due to our compound miter saw. It does come with all the books and a few attachments.

Minimum Bid \$200

**1 - Router table stand with legs. Does not include a router.**  
This is a very useful floor stand for a router, however we no longer need it.

Minimum Bid Not N/A

**1 – Enclosed cabinet sand blaster.**

Missing the attached gloves but could be fixed up. Has not been used for quite a while but it still works.

Minimum Bid \$100

1 - Very old 30 ton Carolina hydraulic press

We do not have much information on this press other than it has been in the Ag shop a long time. To the right individual, this press could have some potential.

Minimum Bid \$25

10" Delta Cabinet Table saw with extension table

This saw was donated by Brian Essinger years ago. Since we are now able to offer the saw stop technology, we are willing to part with the machine.

Minimum Bid \$200
