

Return to School Update – 8/9/2021

On behalf of the staff at Arlington School, we hope you are enjoying your summer!

It is hard to believe that we will begin the 2021-22 school year in just one month. The first day of school is set to begin on Tuesday, September 7, 2021 (the first Tuesday after Labor Day).

Arlington Local School District plans to be in school full-time and at full-capacity beginning on Tuesday, September 7, 2021.

Masks in the building will be highly recommended, but optional for all students and staff.

The COVID-19 vaccine will not be required.

Masks on school transportation (buses and the school van) will be required per the federal mandate from the Center for Disease Control and Prevention (CDC). This will include athletic trips and extra-curricular trips. Non-compliance with this mandate would jeopardize our federal dollars which would have a significant impact on the District's financial picture. Federal mandates supersede any state laws, etc.

As always, these plans would be subject to change based on increased spread of COVID-19, the Delta Variant, or any additional mandates imposed by the state or federal government.

We look forward to seeing everyone on September 7th. Enjoy the rest of your summer!
